

The citizen-initiated petition, approved by voters on Nov. 7, did not identify the qualifications for Mayor at-large, when the Mayor election should take place, or a timeline for the transition to a new Council district structure.

Now what?

What are the qualifications to be Mayor at-large in Castle Rock?

- Is there an age minimum?
- Should they be a registered voter in Castle Rock?
- How long should someone live in Castle Rock, before becoming Mayor?
- Other qualifications?

When will Castle Rock's Mayor first be elected at-large?

When does the redistricting from seven to six Town Council districts take place?

100 N. Wilcox Street
Castle Rock, CO 80104

@CRgov

Town Council wants you to know the facts

- Voters on Nov. 7 approved a citizen-initiated measure in the Town Charter to change how the Town's Mayor is elected
- Only the voters can change the Town Charter

Because the citizen-initiated petition that provided for the election did not specify the qualifications for Mayor at-large and a timeline for the transition to the new Council district structure,

an election will be required in the spring of 2018 to determine:

- Qualifications for Mayor at-large
- A timeline for the transition to the new Council district structure

After this special election in the spring of 2018, the Mayor at-large election will take place at a regular election

WE WANT YOUR FEEDBACK!

Town Council wants community input and is forming a seven-member Citizen Advisory Committee, which will make recommendations to Council on Jan. 16, 2018 regarding:

- Qualifications for Mayor (such as age, voting status, duration of residency, etc.)
- Date the Mayor at-large will first be elected
- Timing to complete the necessary re-districting from seven to six Council districts

Applications for the committee will be accepted through noon Friday, Dec. 22, 2017 at CRgov.com/CitizenCommittee, or Town Hall, 100 N. Wilcox St.
