If all five(5) criteria listed below are present, then the Town will determine your submittal to be an ADU and will require compliance with Title 17, Section 17.61, including a Deed Restriction to be filed with the County prior to the approval of your building permit and payment of Development Impact Fees per Section 3.16.030.

Criteria:

4) A bedroom(s) or other area designed or designated for sleeping. This policy and code clarification use the terms 'bedroom,' 'sleeping room,' and 'facility for sleeping' interchangeably.
5) Separation: Detached ADU structures have Separation. When the remodeling activity is attached to the primary dwelling unit, physical separation is required between the primary residence and the ADU to qualify as an ADU. When the ADU is not attached, in order to be considered an ADU, the main dwelling must be physically separated from the ADU. This physical separation can be accomplished with a wall, a wall with a door, or other similar separation. Where a wall exists, the presence of a door frame, door hinges, pocket, or an opening equal to or less than 38 inches in width shall constitute separation.
